

## UNIONS CONSIDER WAGE CUT STAND IN NEW SESSION

Threats of Strike Again Brewing as Chiefs Outline Plans for Future.

CHICAGO, Nov. 15.—Renewed threats of a railroad strike were heard here today as leaders of two powerful unions met in secret session.

The chiefs and general chairmen of the Brotherhood of Locomotive Engineers and the Locomotive Engineers and Firemen met for these purposes:

1.—To discuss current and well-founded reports, according to railroad workers, that the United States Railroad Labor board had adopted and is ready to announce many working rules which labor considers unfavorable.

2.—To discuss information, said to be in the hands of unions, that railroads were to post notices of a wage cut this week.

The session today promised to be a stormy one. Several general chairmen, dissatisfied with the settlement of the railroad crisis by the railroad board a few days ago, were prepared to ask Warren Stone, engineer chief, and W. S. Carter, firemen's head, just why the Oct. 30 strike vote was not put into effect.

It was understood that a resolution to the labor board, bordering on an ultimatum, was to be prepared. This, it was stated, would outline the least the men would accept in working rules.

The three other brotherhoods were not represented at the meeting. The labor board was prepared today to use drastic measures to prevent another railroad strike crisis.

The board has issued an order prohibiting the men to call a strike without the permission of the board. It is known that board members have prepared themselves for the present situation.

## FRENCH CONTENT WITH HIGH COSTS

PARIS, Nov. 15.—Despite the drop of prices in the United States, France can hope for no immediate and effective decrease in the cost of living for some time to come, in the opinion of Andre Paisant, food minister of France. France must wait.

(1) The restoration of her exchange.

(2) Rehabilitation of her industrial regions destroyed by the war and consequent restoration of her pre-war producing capacity.

Until both these conditions are attained, living in France will continue high, according to Paisant.

## TWO SUSPECTED IN ENVOY PLOT

LISBON, Nov. 15.—Two men were under arrest here today charged with complicity in the explosion at the American consulate last week. Another arrest was said to be imminent.

## BANDITS SLAY HOLDUP VICTIM

One Robber is Shot and Captured by Policeman in Chicago Battle.

CHICAGO, Nov. 15.—A bandit who shot and killed William Frank, manager of a Standard Oil filling station during an attempted robbery of the station, is being sought by the police today. His companion, wounded and captured during the robbery attempt is being held by the police.

As one of the bandits entered at the filling station, Policeman James McGrath charged to be in the washroom. McGrath heard the commands of the robber to Frank and rushed out. The bandit fired but missed, and McGrath shot him.

The other bandit fired through the window, killing Frank and then fled in an automobile. The man under arrest gave the name of James Shean.

## U. S. DISMISSES CASE ON STOKES

KANSAS CITY, Mo., Nov. 15.—The government's case against Rose Pastor Stokes, noted millionaire socialist charged with utterances in violation of the espionage act during the war, was dismissed here today in Federal Judge Van Valkenburg's court.

## ENGLAND BUILDS NEW BATTLESHIPS

LONDON, Nov. 15.—Clyde shipbuilding firms have contracted to build three new battleships, designs on which have already started, according to dispatches received by the central news today.
